A LETTER FROM CARSON

Over the last five years, God has used the [A01 Foundation](#) to make an eternal impact in the lives of men, women and children in the United States and around the world. Children with significant medical challenges are experiencing the outdoors like never before, people facing food insecurity are finding hope through our free food trucks and children in Haiti are being mentored and developing their character through sports.

While all three of our ministries appear very unique, what unites them is the love and hope of Jesus Christ demonstrated to those we serve. We want people to tangibly experience that love by providing uplifting experiences, but we also strive to empower and equip those people to grow in their relationship with Christ.

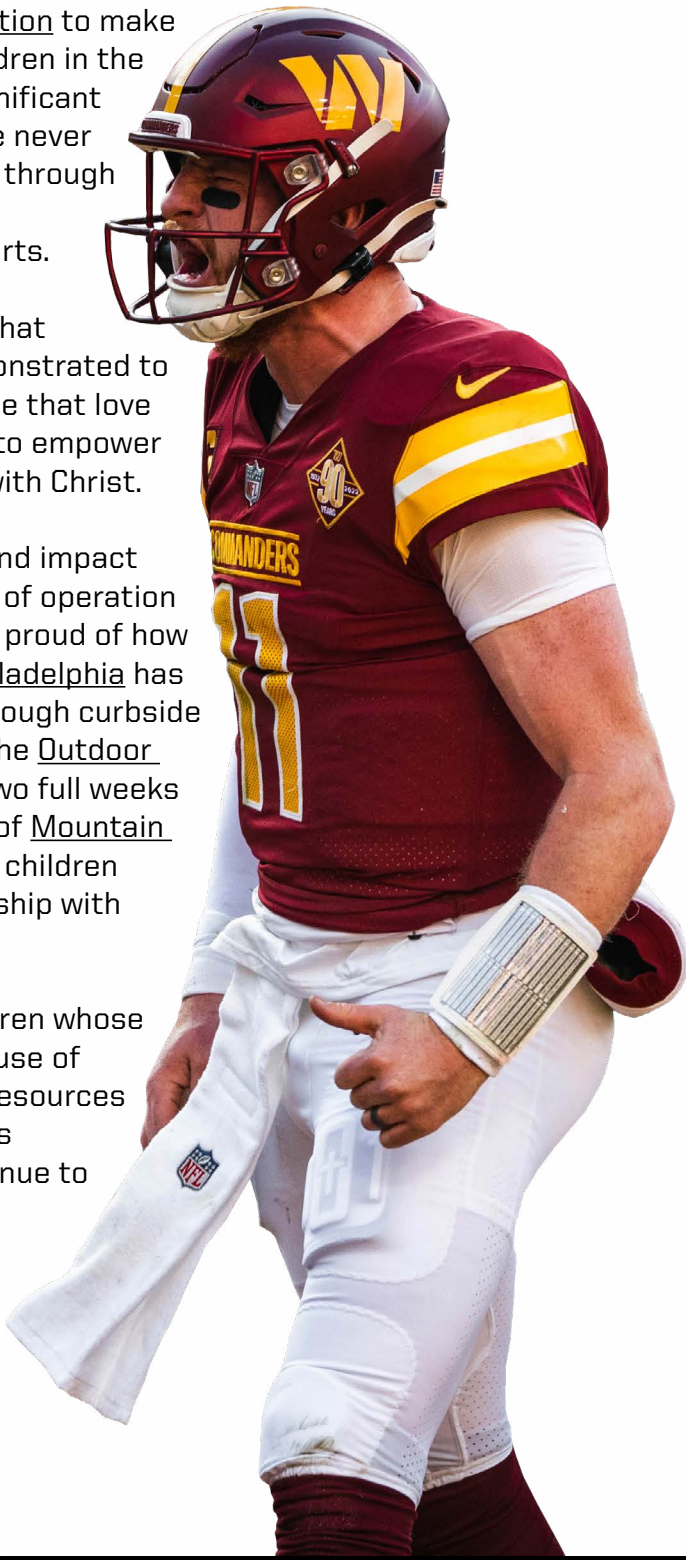

In 2022, the A01 Foundation saw significant growth and impact across our ministries. Last year was the first full year of operation for [Thy Kingdom Crumb](#) in [Indianapolis](#), and we are so proud of how it has served the community. [Thy Kingdom Crumb: Philadelphia](#) has continued to feed people physically and spiritually through curbside pickup events, and the truck is back on the streets. The [Outdoor Ministry](#) continued its upward trajectory by hosting two full weeks of [Camp Conquerors](#) and nearly doubling the number of [Mountain Movers](#) adventures in 2022. Finally, more than 13,000 children utilized the [Haiti Sports Complex](#) through our partnership with [Mission of Hope](#).

In this report, you will read stories of adults and children whose lives have been changed forever in the last year because of your support. To all those who have given their time, resources and energy, we say thank you! We are praying for God's provision in 2023, and with your support, we will continue to accomplish our mission together!

God Bless,

Carson Wentz
President - A01 Foundation

100,000
LIVES IMPACTED

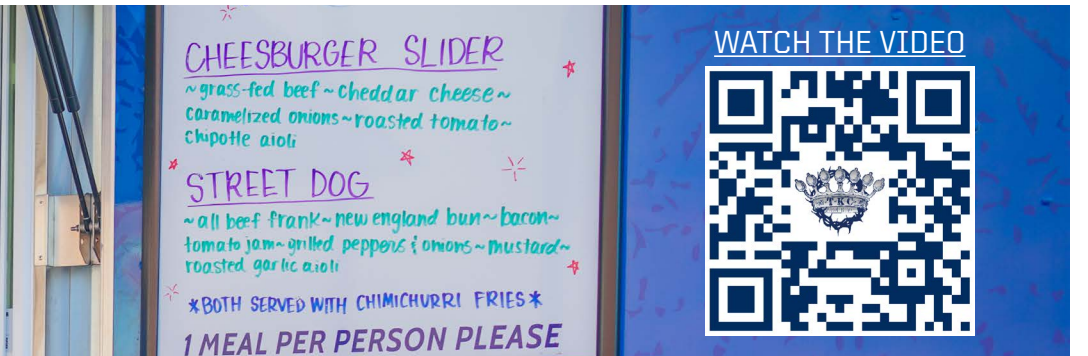

**“Demonstrating the love of God and
infusing His hope by feeding all
people and uplifting communities.”**

Thy Kingdom Crumb exists to remind people that they are seen, valued and loved by addressing the issue of food insecurity. Through the distribution of free, high-quality food with excellence and community outreach, we want to help all people tangibly experience the unconditional love of God.

The original Thy Kingdom Crumb food truck launched in Philadelphia in 2018, where it continues to serve the community. This ministry expanded to Indianapolis in December 2021.

More than 100,000 meals have been served, and thousands of free Biblical resources have been distributed through Thy Kingdom Crumb.

SPREADING THE NEWS

After learning that we were giving away free food at a new outreach location in Indianapolis, a young man immediately got in his car and drove around to spread the news to anyone and everyone he could find. Many people that joined us that day said they only came because this man told them what we were doing!

One of those guests, a young lady, openly shared stories about her day and the difficult circumstances she faced. One of our team members was able to pray with her as she enjoyed her meal, and by the end of our time with her, through tears in her eyes, she said, “Thank you. You all met me right where I am. I needed this.”

She wasn’t only referring to the meal she was eating but to the love and community that surrounded her that evening. However, if that young man didn’t spread the news, she may never have found her way to the truck. When one person grabs hold of what God is doing, lives are changed forever!

Food Distribution

We use various means to distribute food to all people including serving from the food truck, delivering to those in need and hosting food pickup events.

Community Outreach

With a heart to serve those in need, we go into all communities and freely share the gospel of Jesus Christ by offering prayer, resources and a hot meal.

Food Insecurity

Food and nutrition play a large part in our overall health and well-being, and due to food insecurity, many individuals cannot reach their full potential.

Kingdom Relationships

We strive to maximize our reach, capabilities and impact by forming relationships with like-minded people, organizations and communities.

It's Free

God gave all of us the greatest free gift through His son, Jesus Christ, and we desire to share that love tangibly by providing free food to anyone and everyone.

Thy Kingdom Crumb: Indianapolis has been providing high-quality food while genuinely caring for people. Throughout 2022, we have seen consistency be one of the keys to truly impacting the community we serve. That consistency has opened up opportunities to be a part of people's lives and opened their hearts to the Love of Christ. As we have seen these opportunities grow, our team has been present and attentive to each person who has joined us at our outreaches. We are excited to see all that God has in store for us in 2023!

- Jon Hernandez
Director of Community Relations

In 2022, Thy Kingdom Crumb: Philadelphia was very grateful to get the truck back on the streets to serve the community after the COVID-19 pandemic. However, after two years of curbside pickup events, we recognize and hear stories about how much people rely on that food. While distributing food in multiple ways adds extra challenges, we are grateful that we can continue to impact our community in 2023!

- Stephanie Gibson
Director of Operations

Unique Menu Items

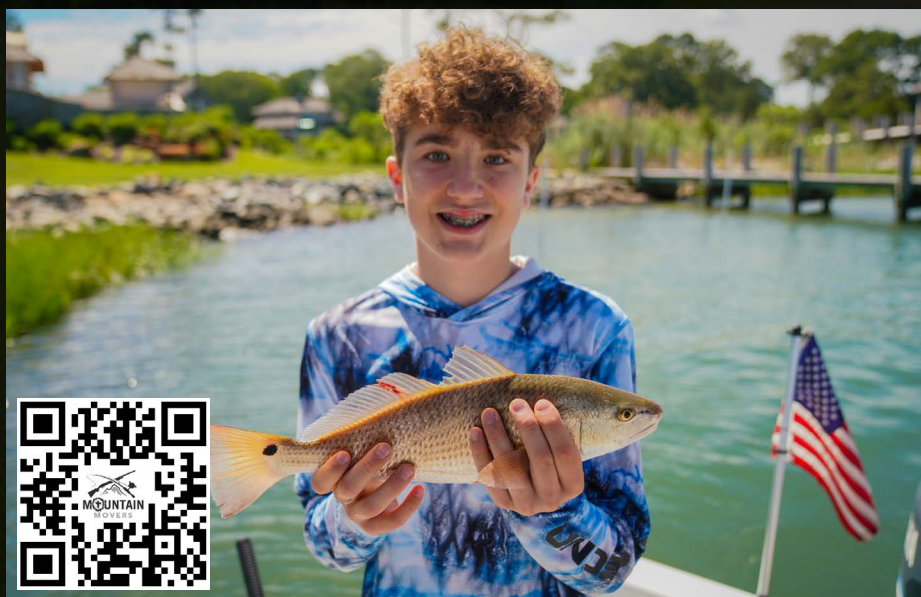

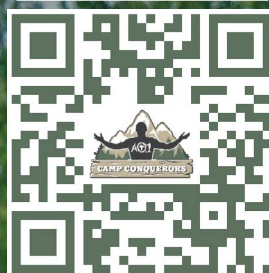

This chart represents the number of meals served in Indianapolis by month in 2022. After launching in December 2021, we saw tremendous growth in our first full year of operation. We know the significance of food during the holidays, so we strongly emphasized serving the community during the winter months.

As our longest-running food truck, Thy Kingdom Crumb: Philadelphia has been serving the community since 2018. This chart reflects the percentage of meals served by year. While 2022 wasn't our highest total, we are proud the highest number of meals served came during the COVID-19 pandemic when our community needed the most support.

COOKING & FISHING WITH JORDAN

Jordan, a brave 14-year-old boy, is battling a PXA brain tumor. His family has faced several medical challenges recently, including chemotherapy and undergoing a new clinical trial. He quickly went from being one of the star athletes at his school to not playing because of his condition.

In the spring of 2022, we were fortunate to take Jordan, an avid fisherman and cook, and his best friend, Conner, to Virginia Beach for some incredible saltwater fishing. We witnessed both boys hook fish after fish and watched their faces light up with a smile as their lines peeled out. In those moments, everything else faded away for Jordan, and he was in his element doing what he loves: catching fish.

We were also able to unite fishing with his other love: cooking. Throughout this adventure, Jordan and Conner engaged in the entire process from grabbing their rods, baiting the hook, casting the line, hooking into the fish, reeling it in, putting it on ice, filleting it, cooking it and gathering to enjoy a meal together that night.

We know Jordan and Conner made memories in Virginia that they will cherish for the rest of their lives.

"Fostering a genuine passion for the outdoors and bringing people closer to God through discipleship."

The Outdoor Ministry was created in 2018 to serve children with life-threatening illnesses and other life-altering medical situations through two programs: Mountain Movers and Camp Conquerors.

Mountain Movers provides once-in-a-lifetime hunting, fishing and other outdoor adventures where children are taught ethical practices and can enjoy the beauty of God's creation. As part of each adventure, children are mentored in the Gospel through small group discussions.

Camp Conquerors is a free camp that allows children to experience the outdoors in a setting designed to uplift them spiritually, emotionally and mentally through worship, biblical teaching and small group discussion. Campers are exposed to activities to help them conquer fear and overcome adversity.

Through these programs and continued discipleship, we will effectively demonstrate the love of God to these children and encourage them in their walk with Christ.

Why the Outdoors?

Hunting, fishing and other outdoor activities create an environment allowing children to unplug from technology and engage with us on a personal and spiritual level.

Is it Ethical?

We believe that when done and taught correctly, hunting and fishing are undoubtedly ethical, vital for conservation and can provide nutrition for families.

Creating Memories

We craft adventures to match desires, including destination and species, to create lasting memories. Each adventurer receives free taxidermy and game processing.

Family Involvement

Each year, all Outdoor Ministry families gather together for a day of fellowship, meals, games and awards. We provide a hotel to all families in attendance.

Discipleship

On each adventure, we read daily devotionals, engage in spiritual conversations and pray together. Camp includes worship, biblical teachings and small group discussions.

This map represents the states we traveled to for a Mountain Movers adventure in 2022. Our staff took 39 children to 19 states, traveling 37,342 miles throughout the year.

This chart represents the number of children involved in Mountain Movers and Camp Conquerors since the inception of the Outdoor Ministry in 2018. Both programs have seen continued growth over the past five years. We have taken all necessary steps, including adding staff, volunteers and camps to continue to serve even more children moving forward.

For the Outdoor Ministry, 2022 was one of our best years yet. At the beginning of the year, we formed an incredible partnership with the 4-H Foundation and found a new home for Camp Conquerors. The new location provides a perfect environment for children to build relationships with each other and creates an atmosphere for us to share the gospel through worship, biblical teaching and small group discussions.

Mountain Movers continues to be one of our most fruitful programs and allows us to form an even greater connection with the children involved in our programs. Last year, we launched a handful of new events while maintaining established relationships with children and their families. These events included the inaugural Mountain Movers Family Night, Christmas Party and a summer hangout.

We are excited for a new year of programming to reach and impact even more children throughout the Midwest!

- Cole Scherbenske
Outdoor Ministry Director

CAMP STORIES

"I'm so grateful for spending time at Camp Conquerors! I have met so many awesome friends and role models and learned so much about my faith and myself. I look forward to going every summer! I love that we have a great place where my brother and I can go together to experience God in a fun way!"

- Matthew W.

"I love being part of Camp Conquerors because everyone is dealing with a medical condition, but none of the people there share the same story, which makes the experience unique. What I enjoy most about Camp Conquerors is that all the counselors and staff make you feel like you're part of a big family."

- Cody K.

"I loved chapel and how uplifting worship was every day! I was grateful for how my cabin connected, how open everyone was and how much everyone cared about one another! I had the chance to make friends at camp that I still communicate with, and I can't wait to go back to camp to grow closer to God and see all the amazing people!"

- Hayley L.

"I have loved spending time at Camp Conquerors around people like me who have also been through hard things. I love meeting kids who are like me, hearing their stories and learning about their faith. All of camp is my favorite part! I just love going!"

- Sam W.

**"A partnership to bring hope
to a nation through sport."**

The A01 Foundation created and built the Haiti Sports Complex through a partnership with Mission of Hope.

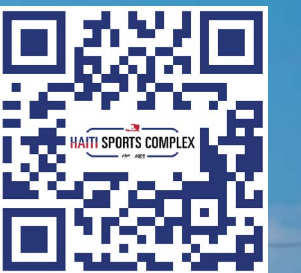

The complex, including an 18,000 sq. foot multipurpose building with two sport courts and locker rooms and a full-size turf soccer field, was opened at a ribbon-cutting ceremony on June 2, 2021.

Since then, Mission of Hope staff has hosted numerous basketball and soccer camps at the sports complex. At each camp, children receive a nutritious meal and fresh water, develop their skills through coaching and are disciplined in the Gospel.

Through the partnership with Mission of Hope, the A01 Foundation will continue to help fund, maintain and run the Haiti Sports Complex.

LIG LESPWA

Lig Lespwa (League of Hope) was launched in 2022 to provide skill development, character development, consistent access, nutrition and discipleship opportunities through the Haiti Sports Complex.

The first-ever Lig Lespwa Championship game was held at the end of the summer on the turf soccer field. The game was between Minoterie and Cabaret (two local villages near the sports complex). The game was close and came down to penalty kicks to decide the champion. Cabaret came out on top to win the summer session of Lig Lespwa.

Over 13,000 children utilized the facility through Lig Lespwa and various day camps! Even though the country has seen a recent increase in gang violence, we are praying the sports complex will continue to be a safe place for children to grow their skills and hear the Gospel message.

Why Haiti?

After visiting on a mission trip, Carson felt a calling for the A01 Foundation to establish a footprint in Haiti and decided to create a partnership with Mission of Hope.

Living in Poverty

Over 54% of Haitians live in poverty, and the country has faced severe political corruption, civil unrest and several natural disasters in recent years.

Impact of Sports

Through sports, we believe children have the opportunity to develop physical abilities, foster teamwork, learn interpersonal skills, cope with stress and grow in responsibility.

Programming

The facility hosts games for local churches, practices for Mission of Hope school children and camps/leagues for those living in the surrounding villages.

Gospel Reach

The ultimate goal of the complex is for those who use it to receive Jesus Christ. All staff disciple participants and each camp or league game concludes with a Gospel message.

As I reflect on 2022, I am proud of my team in Haiti and all the hard work they have put in with launching Lig Lespwa in the spring. One of my favorite moments was seeing our bleachers full as children came to watch the championship game between our local schools. To me, this photo enraptured a glimpse of the impact the sports complex has on the community and the joy it brings. For many, it will be a day they will never forget. I still have one member of the first Lig Lespwa Championship who talks about that day.

Another highlight was our growth in discipling students through Lig Lespwa and working with Mission of Hope schools. We built consistency with students and allowed our staff to develop stronger relationships with them. Our team dug deeper into what it means to follow Christ. My last highlight was our summer camp, where we hosted 100-400 children daily. Through those camps, we had 90 children accept Jesus as their Lord and Savior. Those acceptances remind me of the real purpose behind everything we do.

As I look at the new year, I am excited about opportunities to expand Lig Lespwa. We are setting our goals high to maximize teams participating in Lig Lespwa. I am also excited as we start discussing what it could look like for us to start our club team.

Declarations of Faith

This diagram represents the breakdown of sports played at the Haiti Sports Complex last year. The facility was used more than 1,800 total hours, and nearly two-thirds of that was for basketball.

This chart represents the number of participants each month that utilized the Haiti Sports Complex in 2022. The complex was used by more than 3,000 people in July and August before the increase in gang violence that resulted in lower numbers at the end of the year.

EVENTS

A01 EVENTS RAISE OVER \$350,000 IN 2022

In 2022, the A01 Foundation hosted several large and small events to raise funds for our ministries and connect with our supporters across the country.

In February, for the third straight year, we participated in Giving Hearts Day, the nation's longest-running 24-hour fundraising event for charities in North Dakota and northwest Minnesota. Through this event, we've raised more than \$250,000 to support the Outdoor Ministry.

The summer is always a busy yet exciting time for us as event season ramps up. We hosted our third-annual Charity Softball Game at Newman Outdoor Field on June 21. Team Defense won their second-consecutive game, 31-17, to take a one-game lead in the series. James Hendricks edged our Director of Development, Cole Davis, to win the Home Run Derby.

Finally, our fifth-annual A01 Experience: North Dakota took place at Oxbow Country Club on June 22. The launch of the A01 Foundation occurred at the inaugural A01 Experience in 2017, so this is always a special night to reflect on how far we've come.

Between those events, we raised an additional \$350,000 to support our ministries. We are very grateful for all the volunteers, community members, and sponsors who made this year a great success!

GET INVOLVED

Each year, hundreds of people give their time and resources to partner with the A01 Foundation and help us change lives around the world through our three ministries.

We value and appreciate every individual and organization that supports the A01 Foundation. We can accomplish far more together than we can alone.

To make a donation, scan the QR code or [visit our website](https://www.a01foundation.org).
